DETAILED ACTION

Election/Restrictions

1. Newly submitted claims 47-60 directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

Species I: the specifics being stretching the cellulose acetate film at a stretch ratio of increase of length in the range of 10 to 30% (claims 21, 25-31, 34-39);

Species II: the specifics being stretching the cellulose acetate film at a stretch ratio of increase of width in the range of 10 to 30% (claims 47-60).

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 47-60 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Roger H. Lee on May 01, 2006.

The application has been amended as follows:

Claims 47-60 have been canceled.

Allowable Subject Matter

3. Claims 21, 25-31 and 34-39 are allowed.
4. The following is an examiner's statement of reasons for allowance:
5. The prior arts of record do not anticipate or render obvious to one skilled in the art a process for preparation of a cellulose acetate film comprising among other things preparing a cellulose acetate solution according to a cooling dissolution method, forming the film by a solvent casting method using the cellulose acetate solution and stretching the film at a stretch ratio of increase of length in the range of 10 to 30%.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
